ABOUT TOBIAS VISKERS

Tobias works as a patent consultant handling patent drafting, filing, prosecution and patent searches within the mechanical field of technology. Tobias joined Zacco in 2023.

His fields of expertise are mechanics, mechatronics, electronics and physics. His work has been mainly in the areas of vehicles, energy development, agricultural and mechanical engineering.

Tobias has worked in IP since 2017 as Patent Examiner at the Swedish Patent and Registration Office (PRV) within both the mechanical and the wireless data transmitting groups.

Tobias holds a Master of Science degree in Engineering Physics from Umeå University. Between 2006 and 2017 Tobias worked at MacGregor Cranes as guarantee engineer and spare parts engineer in Örnsköldsvik and Hamburg.

AREAS OF EXPERTISE

Services

Competitor Watch
Freedom to Operate
Novelty Search
Patent Drafting
Patent Landscaping
Patent Monitoring
Patent Prosecution
Technology Watch
Validity Search

Technical field

Electronics
Manufacturing & Process Technology
Materials Technology & Nanotech
Mechanical Engineering
Mechatronics
Nuclear Technology
Physics
Robotics
Sensor and Measurement Technology

Industry expertise

Aerospace & Defence
Agriculture
Automotive
Building & Construction
Furniture
Medtech
Offshore
Paper/Pulp/Wood Industry
Telecommunications
