ABOUT METTE MØLLER NIELSEN

Mette holds a Master in Language and International Business Communication. She joined Zacco in 1996 and is working as a patent administrator. Mettes work includes administrative and paralegal tasks in connection with clients' portfolios, including case and system management and contact to international agents and authorities.

Mettes clients are mainly universities and small and medium-sized corporations within the fields of mechanics, medical technology, software and electronics.

Before joining Zacco Mette worked as a translator and marketing assistant.
